**Subject:** RE: Drug Cert Request

To my knowledge, there is no limitation for requests. We would greatly appreciate it if you do not overburden us with request, but we understand your constraints. We try our best to accommodate and expedite samples in a timely manner.

Currently, we are processing routine samples for the month of May and potential trafficking cases might be more current. You can always contact the evidence office (617-983-6622) and check on the status of the particular case. They will also be able to tell you if the sample is still at the Lab or returned to Boston DCU. We would be more than happy to assist you and your unit with any questions.

For Expedited Sample:

The ADA can request a sample to be expedited by faxing over a written request to the Evidence Office @ 617-983-6625. If you know the specific date the sample must be completed, please let us know. As soon as the Cert is completed we will fax or email a copy to the ADA.

Let me know if you need anything else.

Thanks!!

Annie

Hi Annie,

Thanks very much for getting back to me so quickly. I will contact the officers involved in this case.

As to new cases, what is the lab's preference in terms of how my unit should go about requesting drug certs?

Thanks again!

Macy

Hi Macy,

Unfortunately, we currently do not keep copies of the Certificates at the Lab. You would need to contact the Boston DCU in order to obtain copies. The Certs should be with the drugs in the evidence envelope.

Hope this helps.

Thanks.

Subject: Drug Cert Request

Hi Annie and Della,

When you have a free moment, kindly e-mail (or fax to 617.523-5962) me the drug certificates for lab numbers [REDACTED] I am unable to locate the certificates in a case that I had inherited from Kate Hinman.

Many thanks!

Macy Lee
